Britew3@AOL: Name: Skype: Antifreeze Gazelle 4.8 (SZ) Antifreeze Gazelle 4.8 is a top-down multi-threaded Delphi and Pascal IDE that supports Delphi, C++Builder, Turbo Pascal and Visual Pascal. ... Antifreeze Gazelle (SZ) comes as a large, rich (5000+ features) and powerful Delphi IDE for all software development. The IDE features powerful Delphi's built-in compiler, support for over 500 datatypes, over 1000 tokens, an advanced code editor with hundreds of features,.... The 2.0 version of the IDE (Antifreeze Gazelle) introduces several improvements and new features, including: Storing Visual Express Project Settings in a location independent from the IDE The IDE has an excellent build and build for linker menu. This enables IDE users to easily build large IDE projects with support for all sorts of build options and configurations. Any IDE Version Support for more than 3000 features The IDE now supports all version of all IDE's. Excluded Files/Libraries Support for the latest version of Delphi and C++Builder The IDE now shows an exhaustive list of files and Libraries that are excluded from the project when the project file is opened. Import and export capabilities Support for all.DPR and.DPRQ export versions of Delphi and C++Builder. Export of code to native projects Support for creation of native projects (Win32, Linux and MacOS). Full-Source Folding/Grouping Support for all IDE versions. Help for all IDE's Support for all version of all IDE's. The IDE now supports support for all version of all IDE's. New Visual Basic IDE New API for the project property editor. Module list The IDE is now capable of showing a list of all .dpr and.dfm files in the project. New Project Properties Project properties dialog 82157476af
